## FINANCIAL POLICY and CONTRACT WITH PATIENT

Thank you for choosing us as your health care provider. We are committed to providing our patients with the best treatment possible. We hope that you understand that our credit and collection policies are a necessary part of assuring the financial resources needed to maintain this vital health care facility for our patients and community.

Our charges for your care are considered to be the usual and customary charges in line with what other specialists in this geographical area charge their patients. You are responsible for payment of your bill in full, regardless of your insurance company's determination of usual and customary charges for this area. The only exceptions for this are if you are covered by Medicare or you are covered by a PPO or HMO for which we are a provider of services.

---

### STATEMENT OF RESPONSIBILITY

---

By signing below, I hereby enter into a contract with MUSCULOSKELETAL INSTITUTE OF LOUISIANA, LLC, for the furnishing of medical and/or surgical procedures for illness or injury. I understand that I am contractually responsible for the total bill incurred as a result of treatment received. Although I may have insurance coverage, I understand that this is an agreement between me and my insurance carrier to pay certain amounts for my medical care. The obligation to pay my doctor bill is an obligation by me to my doctor. I am totally responsible for payment of my doctor bill in full. This is regardless of the status of any pending insurance claim or the insurance company's determination of usual and customary rates or amount of assignment. I accept full responsibility for payment of the account, and depending upon the circumstances, I may be expected to pay in full at time of service. I hereby acknowledge that I should coordinate personally with my health insurance carrier. I hereby grant MUSCULOSKELETAL INSTITUTE OF LOUISIANA, LLC, its agents and attorneys the right to disclose my confidential health care information for purposes of collection of my bill through contact with any third party or through a lawsuit.

In the event that I am covered by a managed care PPO or HMO for which my doctor is a provider of services, I understand that the clinic will accept the allowable charges and will write off any amount that is disallowed by insurance. **I accept responsibility for payment of my co-pay and/or deductible at time of service, any allowable amount not paid by insurance, and/or treatment my policy does not cover.** I understand that you do accept assignment on Medicare and I will not owe any disallows that are written off of my account. **However, I understand that I am responsible for my deductible, co-pay and any charges not covered by Medicare.**

If I am here as the result of a liability claim, I understand that my doctor cannot wait for settlement of my claim in order to be paid and that payment is due at the time services are rendered. My attorney and/or insurance carrier will be provided with an itemized statement for my reimbursement.

If I am here as the result of an on the job injury and my workman's compensation claim is denied, I understand that I am personally responsible for payment of the bill in full.

In the event that credit is extended to me, I understand that any bill rendered by MUSCULOSKELETAL INSTITUTE OF LOUISIANA, LLC is due and payable upon receipt of statement. If payment in full creates a financial hardship, the clinic will consider an extended payment plan arrangement. I also understand that I may pay my bill in full at any time by cash, check, or any major credit card. **There is a fee (currently \$25) for any checks returned by the bank.** In the event of default in the payment of any amount due and this account is turned over to an agency or attorney for collection or legal action, **I hereby agree to be held liable for my outstanding balance plus attorney fees of 25% of my balance over 30 days in arrears. I also understand that I will be held liable for all court costs and judicial interest.** I, the undersigned, have read and understand this contract, and hereby agree to the terms herein.

## Advice to Patient Regarding Office Policy on Third Party Liability Issues and Contractual Health Insurance Coverage

Please check one of the following:

- I WAS injured in an accident – **PLEASE READ BELOW AND SIGN AT BOTTOM.**
- I WAS NOT injured in an accident – **PLEASE SIGN AT BOTTOM.**

If you have been injured in an accident for which a third party is or may be involved. Additionally, you have health insurance with or through a carrier with which Musculoskeletal Institute of Louisiana (MSIL) have an agreement to provide services on a reduced fee or other special basis. Unfortunately, this agreement does not apply in cases where the treatment is for injuries sustained in an accident involving a third party who is, or may be held, liable for the injuries to you resulting from the accident.

Under the circumstances, and as a courtesy to you, however, we will abide by the terms of our agreement with your carrier as to benefits and fees for services, with the understanding that if, and when, a settlement or judgment is made in your favor, the proceeds awarded there from will go first toward the payment of all fees charged by Musculoskeletal Institute of Louisiana (MSIL) in connection with this matter, including any and all amounts which may have been written off or otherwise not allowed or covered under the terms of your health insurance policy.

In summary, until such time as a settlement or judgment is reached in connection with your accident, you will be expected to pay for services rendered at the time of service in accordance with the terms of your health insurance policy as to deductibles, co-pays, and co-insurance. Additionally, we will file all claims with your carrier, and accept their payment of fees in accordance with our agreement with them, and write off any non-allowed portion of the charges. If and when, a settlement or judgment is reached insurance plan shall be restored, and the full amount of all charges recovered out of the proceeds awarded in the case. The patient and carrier would then be reimbursed to the extent of any prior payments made on the account.

Please signify your understanding of the matter by signing in the space provided below.

## Disclosure of Financial Interest

### As required by R.S. 37:1744 and LAC 46:XLV.4211-4215

Louisiana law requires physicians and other health care providers to make certain disclosures to a patient when they refer a patient to another health care provider or facility in which the physician has a significant financial interest.

## Orthopedic Specialists of Louisiana Narcotic Pain Medication Policy

Due to the highly addictive nature of narcotic pain medications and the worsening prescription drug crisis in the United States, Orthopedic Specialist of Louisiana strictly limits their use in accordance with DEA and FDA guidelines. Narcotic pain medications include, but are not limited to: Vicodin, Lortab, Percocet, Hydrocodone, Oxycodone, Oxycontin, Tramadol, etc.

Narcotic pain medications will be prescribed for post-operative pain, or after an acute fracture. For those patients, the narcotic pain medication will be closely monitored, and discontinued after three (3) months. If you feel that you require additional narcotic pain medication after this time frame, you will have to find a pain management physician, or a physician specially trained in the treatment of chronic pain.

For those receiving narcotic pain medications for one of the above referenced situations, refills will be closely monitored. You must follow the directions on the bottle, and not take medications more frequently than indicated. Additionally, it is the patient's responsibility to request refills in advance of running out of the prescription. Refills may take up to three (3) business days to complete. Refills will not be filled on an urgent basis. **NO narcotic pain medication prescription will be called in after regular business hours or onweekends.**

Patients who are receiving chronic narcotic pain medications from another physician will have to return to that physician for any refills or changes to the prescription.

By signing this policy you, the patient, acknowledge that you have read and understand its contents and agree to the terms. If you do not agree, then we would be happy to assist you in finding another physician who can meet your needs.
